

!! MARCHING TOWARDS BETTER WATER FUTURE !!

Water has already become most precious commodity for society. It is to be used judiciously around the globe

Council of Scientific and Industrial Research [CSIR] consists of a number of organizations engaged in Research & Development in water science and finding out the amicable and practical solution to the various water issues

Hyderabad based CSIR-National Geophysical Research Institute [NGRI] and CSIR-Indian Institute of Chemical Technology [IICT] are here to share their R & D findings for the benefit of people as our research is completely dedicated to society using the advanced technology available. Therefore, we decided to bring out our findings.....

“FROM LAB TO LAND & LAB TO PEOPLE”

An awareness WALK is organized to make one and all aware of our research findings and to adopt them for better life and better future

**WE INVITE YOU TO JOIN OUR PROGRAM ON
